CLASS NEWS -- NEWYDDION DOSBARTH

Issue 128

Dosbarth Pili Pala

A Land Far Away

We watched an exciting video of a huge beanstalk growing in our Forest School area - we wonder if it will grow all the way up into the sky! We have learned how to cross the road safely. We have used our imaginations, to create magical lands and friendly dragons.

Dosbarth Gwenyn

How Does Your Garden Grow?

We have been enjoying our class challenges, especially the watering plants capacity challenge. We have been hunting for bugs in Forest School. We had lots of fun drawing portraits of each other and practising our art skills. We have measured capacity and volume in Maths lessons.

Dosbarth Helyg

Under the Sea

We've been making predictions and discussing ideas about our new class book - Ariki and Giant Shark. We've been reading for information about the layers of the ocean. We loved going swimming. In Maths, we have been interpreting data from tables and car charts. We sketched and painted sea pictures and wrote sentences to describe them.

Dosbarth Derwen

The Power of Nature

We have been learning to read, draw and interpret line graphs. We have researched facts for our new topic and created an interactive presentation to share with the class. We developed our ICT skills by creating templates for the Pupil Press newsletter and used our creativity to design logos. We enjoyed a potion workshop in Science!

Quote

Mistakes are proof you're trying

By Dosbarth Helyg

Well done to Y5&6, who have used their creativity and ICT skills to update our Pupil Press newsletter. Also, a very special mention to Mollie, who has designed a brilliant new logo, which will feature on the Pupil Press newsletters for the rest of this year!
