Happy, Healthy Me

This week in maths, we have been using our counting skills to help Colour Monster sort his pom poms into groups. We have also been developing our coordination skills in PE by riding and using the bikes. As part of our topic work, we started creating our very own 'Little Me' models using recycled materials, carefully following the plans we had designed beforehand. We have shown great creativity, teamwork and perseverance throughout all of our learning this week.

Dyma Fi!

We had lots of fun creating our own park benches with Gwennan from Obro Construction. We also enjoyed taking part in Thoughtful Thursday at Church, where we spent time reflecting and sharing our ideas. In literacy, we have been learning about rhyming words and using our punctuation detective skills to spot and correct punctuation in different pieces of writing. As part of our health and wellbeing work, we have been researching different ways to keep ourselves healthy. In maths, we have been developing our understanding of number by comparing and ordering numbers using the correct mathematical vocabulary.

Water & Ice

This week, we have been rounding numbers in maths and identifying persuasive language features in Titanic leaflets and posters. We used a character description from Kaspar: Prince of Cats to create our own illustrations and designed Christmas cards for Bishop Gregory's annual competition. We also enjoyed a construction workshop with Gwennan and were extremely proud of ourselves for performing so confidently in our Class Assembly all about Generosity. Thank you so much to all the parents and family members who came to watch us!
